

This is a graded discussion: 10 points possible

due Dec 15

## Assignment 10 Local Storage and Cookies ▲▼

In your Senior Project or any other website you created (could be something from this semester), show an application of how to use local storage or cookies. For example, saving a color scheme, or other basic cookies application. Show a few lines of code which would make this happen. Share here no more than 1-2 paragraphs.
