

---

# Meet who's who!

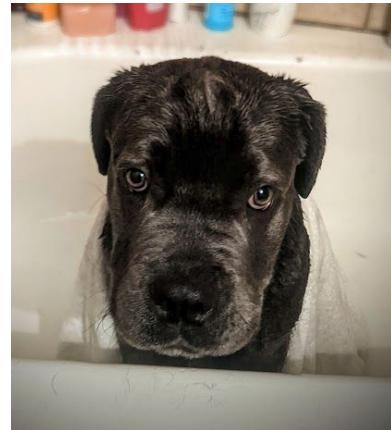

# Gary Kane

Hi students! My name is Gary Kane. I work fulltime as a software engineer for over 10 years.

I'm obsessed with craft coffee and dogs. I also really enjoy cooking all cuisines and reading science fiction and fantasy novels. I'm currently really into hiking trying to hit all the California national parks.

Last summer, I traveled to Korea and this upcoming Summer I plan on traveling to Costa Rica.

---

# **Thomas Jaramillo-Ochoa**

Hello There! My names Thomas and I'm looking forward to completing my computer science major this fall. I am currently interning at DOJ for a help desk and making coffee at Starbucks , but am hoping to make my way into project management in the future! Other than school I am either cooking or playing video games. I just got a blackstone grill... so yeah I'm pretty excited about that.

---

# **Julian Martinez**

Hello There! My names Julian and I'm looking forward to completing my computer science major this coming spring. I am currently working for the state of California as an information security analyst (Department of managed healthcare), I am hoping to secure a software engineering position after graduation. Other than school I am either cooking, playing soccer or exercising.

## Arjun Bhargava

Hi, my name is Arjun Bhargava and I am a computer science major. I will be completing my degree in Spring of 2024.

I have a wonderful siberian husky named Luna who I spend most of my time with. The spare over time I use to hang out with friends and occasionally play Valorant and League of Legends.

Currently I am looking for internships and more experience in machine learning and python. I have a set goal of certificates I want to get under my belt and look forward to this busy semester.

# Ranjot Dharni

Hi guys,

I'm Robby and this is my last year at CSUS. I'll be graduating this Spring with a Bachelors in Computer Science. I like coffee and I'm more of a cat person cause they're cleaner. I can't say I've done much traveling but I visited India once a few years ago, it was very fun, highly recommended but don't eat the street food (find a place where you know things are clean). My hobbies are web development, eating, and pull-ups. I'm not really a looker so I'll save ya the photos. Check out these websites though, I made them.

Portfolio: <https://ranjotdharni.onrender.com>

Messenger App: <https://chemistreams.onrender.com>

*You can't use the Spotify music player built-in to the site; Spotify limits how many users I can have on a third-party site so it's reserved for myself & friends. sorry :('*

Weather App: <https://meteorize.netlify.app>

---

## Xavier Mahbobi

Hi, my name is Xavier and I am taking this course to learn more about web development. I am a senior in my final semester, I am excited to be graduating so soon. In my free time I like to hike and play video games. I hope to go into the state after graduating!

---

# Ganesh Renukunta

I have no idea when I will graduate or what classes to take next semester. Hopefully I figure out soon. I am a 4th year CS Major, and am still looking for a suitable elective for my career. Last summer, I worked harder than hardest on campus for a minimum wage, and played MW2 half the time on duty. It was fun in its own way.

# Brandon Doney

---

Hi my name is Brandon. I am almost completed with my senior year here at Sac State.

Trying to complete the last bits of my education to graduate this semester. For hobbies I pretty much go out and socialize at hubs and bars.

If I am not doing that I either workout 4-5 times a day or am on my PC “pretending” to be busy playing games such as Dota 2 and Wizard101.

---

# Arthur Erlandson

Hey all, I'm a third year CS major here at Sac State. I enjoy reading, cycling, baking, hiking and going to concerts. I just got back from a hiking trip in Scotland with my twin brother and I have a cat named Violet!

# Megan Gross

Hi! My name's Megan and I am a 5th year Computer Science Major.

My hobbies are crocheting, embroidery, painting, drawing, and reading.

A fun fact about me is last Fall semester, I studied abroad in Sydney, Australia for 5 months and got to take fun courses like artificial intelligence! While I was there, I also learned to surf, went cage diving with great white sharks, snorkeled at the Great Barrier Reef, and visited New Zealand!

# Curtis Berry

Hello! My name is Curtis and I am a 4th year Computer Science Major, planning to graduate Fall 2024.

I currently work in IT for the State of California, but I am actively seeking a career in software development.

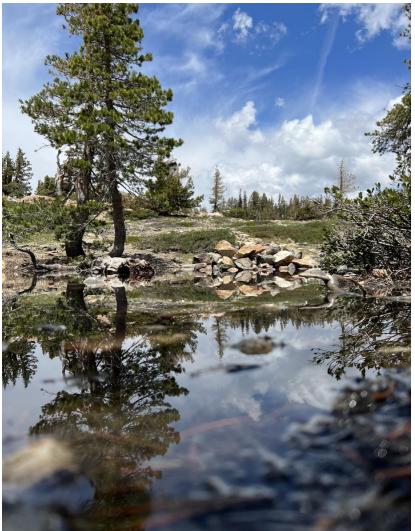

I have a lot of dollar-wasting hobbies, but my current one is EDC (everyday carry). I am always looking to add various forms of metal to my collections. I also waste a lot of money on gas for my camping/exploring excursions/dad guy things.

To be continued...

# Igor Oleshko

---

Hi everyone!

My name is Igor Oleshko and I am a senior here at Sac State. One fun fact about me is that I am graduating with a Bachelor Degree in Computer Science at the age of 18. I currently work for a Government Agency where I automate manual processes via the ServiceNow platform.

Some of my hobbies include snowboarding, fishing, gaming, and going to the gym. One of my most favorite activities to do is to go backpacking and enjoy nature in the middle of nowhere.

I look forward to working and learning with everyone. Good luck this semester!

# Khanh Truong

---

Hello! My name is Khanh Truong and I am currently on my last semester at CSUS. As I'm sure everyone here is doing, I will be receiving my Bachelor's of Science in Computer Science this fall.

Outside of school I was also a Student Assistant at Caltrans for a year creating web applications, mainly for automation and dashboards using Next.js and TailwindCSS. Recently in August I started working full time as a Transportation Engineer (Electrical) where I have a wide variety of responsibilities, including full stack web development and troubleshooting/maintaining different field elements of the highway system.

As for hobbies, I have always loved watching anime, trying different food, and going on hikes.

---

# Shawnee Porkat

Hello!!

I'm Shawnee and I'm a junior CS major.

I really like to draw/animate, cook, watch anime, and play video games (the main reason I got into CS) in my free time. I recently got into magic the gathering recently too

Picture of my pet parrot included, his name is Mango

# Angelo Karam

This is a snapshot from one of the timelapses with long exposure I made on my front porch!

Hello everyone! My name is Angelo Karam. I work part time at Apple as a Technical Expert and this is my junior year at Sac State.

I am 22 years old and I really enjoy mountain biking, hiking, travel, and overall exploration. As a result, I really enjoy taking tons of 4k footage with my GoPro, including action-filled videos and some night star-trail videos.

My girlfriend and I adopted two kitties named Penny (the copper one) and Ellie! They are 2 years old (so they're baby). Looking forward to learning with you

# Kyle Barreras

---

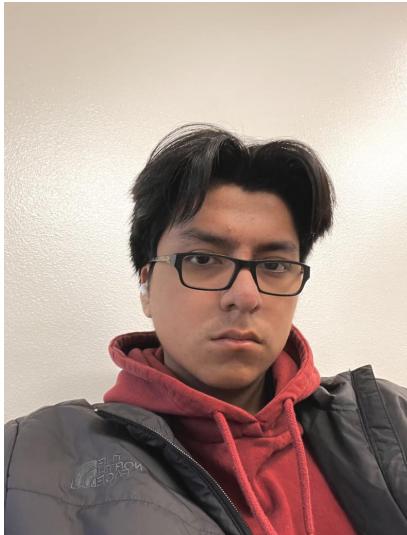

Hi, my name is Kyle Barreras I am Senior in Computer science graduating in fall!

My hobbies is playing Video games, going for walks, and watching anime, and reading manga.

Last summer I went to vegas and drove their with no sleep and then went to Los angeles after 3 days.

---

# Anthony Dominguez

Hi my name is Anthony and I am currently in my junior year for computer science.

Some of the things I enjoy doing during my free time is playing video games and watching anime/reading manga.

Aside from my hobbies, another thing about myself is that I have 2 guinea pigs.

# Travonté Johnson

---

Hello everyone I am a computer science major in the backend of my junior year. I have wanted to be a computer science major since I was in middle school because of my desire to create games.

I like to play games like dungeons and dragons, magic the gathering. I also like to read manga as well as watch many different types of media.

I have three cats that all have different personalities. Over the summer I spent most of my time taking summer courses and I am planning on making a trip to Hawaii for my brother's birthday. I don't typically take pictures alone, this was the best one I had.

---

# Kyle Nguyen

Hi everyone! My name is Kyle Nguyen and I'm a junior here at CSUS. To the right is my doggo named Aceu.

My hobbies include the gym, running, and gaming.

Looking forward to this semester with everyone.

---

# Rafael Slivca

Hi, my name is Rafael Slivca, and I am a senior with 2 semesters left for my bachelor's degree.

The main hobbies I have now is exercise and video games.

Last summer I went to Washington and visited the rainforest. This summer I took summer classes and did nothing notable.

---

# Jacob Eberhardt

Currently a senior with two semesters left. Some of my hobbies are playing video games and reading webnovels. My favorite game currently is Baldur's Gate 3.

---

# Akashdeep Vasisht

Hi! I am a senior graduating in July 2024, I transferred from Sierra College.

My interests include basketball, motorcycles, and video games. I like to code in Java primarily but have been learning web development this previous year through udemy. I've made a few websites so far and can't wait to learn and do more web development in this class.

# Vivian Nguyen

---

Hello! My name is Vivian and I am currently a senior here at CSUS. One of my interests is manga and recently I caught up on reading Vinland Saga.

I also really like drawing and chickens and drawing chickens :)

---

# Sarthak Bhalla

Hey everyone, my name is Sarthak. I'm a CS major in my senior year. I'm also a film minor. I'm really into movies+performing arts. My hometown is New Delhi, India, I came to the US in 2019 for my bachelors.

I'm really excited about this semester.

---

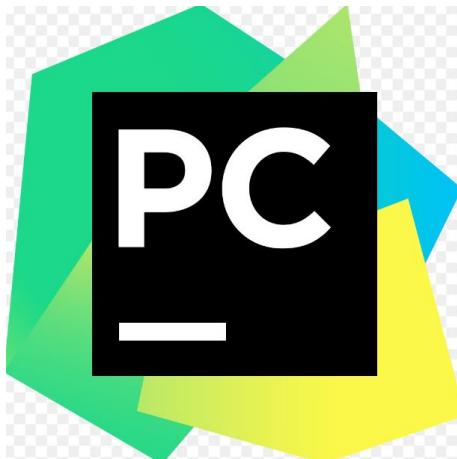

# Daniel Perez

Hello everyone! Im Daniel but you can call me Danny :) I am current 5th year Computer Science major here at Sac State and I am graduating this semester as well! I am taking my last 3 classes to finish my degree. My interests outside of school is riding ATV's, working on my cars, and going out to new places. My favorite programming language are Java and C.

---

# Nathan Martinez

Hi guys, my name is Nathan and I'm a senior majoring in computer science here at Sac State. I'm hoping that I'll learn a bit about web development in this course for future job prospects.

My favorite programming language is Python and Django is my favorite web framework.

# Jonathan Camarena Camacho

Hello Everyone, My name is Jonathan Camarena. This is my last year at Sacramento State.

I enjoy reading Scifi and Fantasy. I just started re-reading the mistborn series by brandon sanderson. I definitely recommend it.

I also do Game Development on the side, and I am currently part of a local Sac team working on a 2d tactics game called Kobold Tactics. We got to expo our game at the Capital Creative Showcase this year.

During the summer, I finished my second internship at Amazon Luna as part of the gameplay & client experience team. I learned a bunch and had a great time.

# Aaron Shackelford

PowerPoint > Google Slide

3 reports to CSUS Student Conduct and counting.

Check out the Data Science Club  
We're a pretty chill group

We are making an AI Drone!

---

# Paul Marchitiello

Hello. This is my second to last semester here at sac state. I hope to own a video game company someday because game design is my greatest passion.

I also enjoy reading fantasy/sci-fi but lots of other genres as well. My favorite book series is A Song of Ice and Fire by George R.R. Martin.

This summer I drove to Washington to visit family and went camping near Mt. Shasta on the way back.

Hello! My name is Anthony Breuer, I am a CS major in my last semester before graduation. I'm currently working in computer repairs while looking for a job for after graduation. I'm heavily involved in our university's esports club and I love traveling when I get the chance. I just got back from a trip to France with my girlfriend and her family and got to cross going to the Louvre off of my bucket list!

# Victor Severin

---

Hello

My name is Victor and I'm a senior Computer Science Student. I enjoy playing volleyball and soccer and going on road trips to new destinations. I also love developing side projects in my free time.

I currently work as a software developer for the state.

Looking forward to learning more about Web Development.

---

# Daniel Kumpf

Hi everyone! I'm Daniel and I'm a Junior CS major here at Sac State.

In my free time I like to play video games (primarily speedrunning) as well as some D&D with my friends. I also have a cat named Jupiter who's a little overweight. She's on a diet... it's kinda working.

Super excited to learn about web programming with all of you this semester!

# Reza Selseleh

---

Hey everyone, my name is Reza and I'm a senior Computer Science major.

I'm also a personal trainer, and in my free I train and compete in Jiu Jitsu, powerlifting and MMA, but I only train for the last two.

In regards to this class, I would have to say front-end has always been my favorite having done various projects throughout the years. So, definitely looking forward to this class.

---

# Branden Nguyen

Hi! My name is Branden Nguyen, and I am a fourth year here at Sac State.

I like playing video games, listening to music, and hanging out with friends.

One goal that I have this semester is to find out what I truly want to do in the future in regards to the field of Computer Science.

I am looking forward to the upcoming semester, and I wish everyone the best!

Nolan Croisdale

Hello there! As of now, I am beginning my fourth and last year at Sac State.

I enjoy reading, gaming and fishing on my free time, and am looking to go into game development once I am finished here.

Looking forward to this semester and wishing everyone the best of luck!

# Brian Lowery

---

I'm a fourth year computer science student on my second to last semester.

I currently work as a Web Developer at Perpetual Education ([perpetual.education](http://perpetual.education))

I also run a web design agency aimed at small businesses, which takes up a lot of my time ([unwrapdesign.com](http://unwrapdesign.com))

# Danica Galang

---

Hello my name is Danica Galang! This is my 3rd year attending SacState.

My hobbies include creating art, playing video games, watching anime, and reading manga. Some of my favorite games to play include Honkai Star Rail, Pikmin, Legend of Zelda Tears of The Kingdom, Xenoblade Chronicles 3, and mostly any JRPGs. A manga I am really enjoying right now is Yona of the Dawn and an anime I really enjoy right now is Bocchi the Rock!

I look forward to learning with you all!

# Matthew Mendoza

My favorite activities are biking, photography, and traveling.

I work in the storage industry (SSDs/DRAM) first at Intel with client [Optane](#) products and now at [Solidigm](#) with Datacenter grade SSDs.

You'll often find me looking for new places to eat at/boba shops, art/history museums, or watching education/culinary YouTube videos.

<https://www.linkedin.com/in/matt2ology>

Photography

Intel → [Solidigm](#)

---

# Samarpan Rajan

Hello everyone, my name is Samarpan but I go by Sam as it much easier to say

I am a transfer student and I plan to graduate this semester

I enjoy playing games with friends, whether that be physical games or video games.

I love cats and enjoy learning about new concepts, in CS or elsewhere.

Looking forward to an interesting semester!

---

# Jose Martinez

Hello everyone, as you can see on the slide I am Jose Martinez. I am a fourth year hoping to graduate soon.

I typically spend my day inside avoiding the heat listening to music, gaming, or reading although I recently started going to the gym again and playing basketball.

I am looking forward to learning about web programming with you all.

---

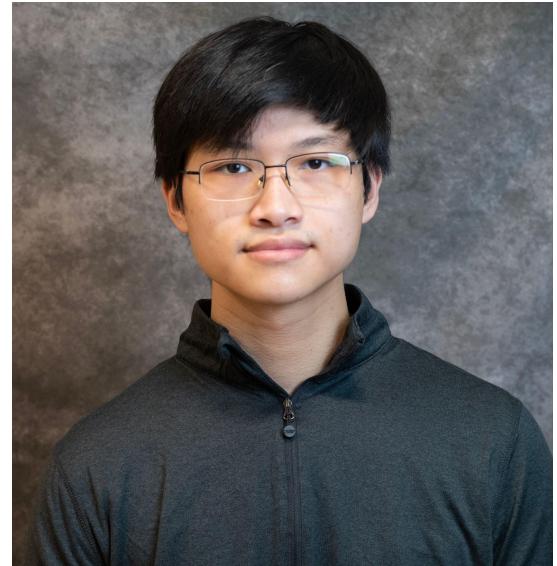

# Alex Souv

Hello everyone, my name is Alex and I am a computer science student here as a second year transfer.

I am taking this class for both credits for graduating and as an interest in web programming which could help me open up more career paths in computer science.

On my free time I like to play video games, listen to music and watch anime.

Last summer I got to travel with friends to LA for Head In the Clouds and Anime Expo.

---

# Eduardo Mariano

Hi Everyone, My name is Eduardo and this is my fourth year at Sac State and my sixth year doing this college thing.

In my free time, I like to watch anime, read manga, and play video games specifically JRPGs. Some of my favorite JRPGs are Persona, the Ys series, and the Legend of Heroes Trails series.

Hopefully by the end of this semester, I will figure out the kind of work I want to get into after graduating.

Good Luck to everyone this semester!

# Rahul Gupta

---

Hello! My name is Rahul, I'm a computer science major, 19 years old, and a third year student at Sac State!

Some of my favorite activities include hanging out with friends, playing video games, and running.

I also really enjoy playing and messing around with my cat, Luna! She's three years old and is super energetic.

This summer, I was able to contribute to an open source project, npm, which was incredibly exciting and rewarding. I learned quite a lot about problem solving and how npm works overall. I also spent quite a lot of time with family and enjoyed that a ton!

Thanks for reading and best of luck during the semester!

---

# Skyler Rader

Hello, everyone!

My name is Skyler Rader and I'm a senior at Sac State.

My interests include Tabletop Roleplaying Games, Anime, VTubers (Hololive) and reading Sci-fi and Fantasy books. I read other books too. My favorite book I read recently was Infinite Jest. I also love hiking and camping with my friends.

In my free time I study Japanese, and plan on traveling to Japan next year. I'm good enough to understand around a JLPT N4 level, which is basic Japanese and I can read the most commonly used Kanji (Chinese Characters).

---

# Oliver Jezildzic

Hello everyone!

My name is Oliver and I am a junior at Sac State.

In my free time I generally enjoy playing video games, going on a bike ride along the American River, working on my car, and going to car meets around greater Sacramento.

This past summer I was fortunate enough to go to Croatia and Bosnia to visit family and enjoy the beach.

---

# Luis Campos

Hello everyone, my name is Luis Campos.

I am a senior here at Sac State and this will be my final semester.

My hobbies include drawing, playing Nintendo games, and even doing voice impressions.

On the left are 2 drawings I did for my binder since I am a big Disney fan.

Also as you can see with the gif above I am a big fan of the Mario, Pokemon, and Smash Bros series.

Me at Offkai Expo this summer meeting vlogger  
Rosemi Lovelock from NIJISANJI

# Brian Shao

Hello everyone, my name is Brian Shao and I am currently a 4th year at Sac State majoring in Computer Science. Some of my interests include gaming (fighting games and rhythm games as of lately), watching anime/vtubers(Hololive/Nijisanji), and journaling. I have always had an interest in creating a website so having this opportunity to learn how to make one will be exciting!

# Austin Dusa

Hello! I am a 4th year Computer Science major who plans on graduating next Spring.

When I am not busy, I like to go fishing and hang out with my friends. I also have interests in history, anthropology, and gardening.

I am excited to learn about web programming this semester.

---

# Romaine De La Cruz

Hello,

My name is Romaine De La Cruz and I am a CS student.

I enjoy spending time with friends and family, most importantly my daughter.

I enjoy basketball, football, and running for my extracurricular activities.

---

# Jack Dusa

Hello there!

My name is Jack. I am a senior, majoring in Computer Science, here at Sac State. I'm expecting to graduate in May 2024.

My interests are studying ancient peoples, gardening, and nutritional health. During my free time, I enjoy hanging out with friends, fishing, and PC gaming.

I look forward to learning about web programming this semester!

---

# Ally Mahbobi

Hi everyone! My name is Ally and I am a CS major here at CSUS and will be graduating this semester!

In my free time I enjoy reading, weightlifting, running, and spending time with my cats. I have two cats, Ziggy and Priscilla.

I really enjoy web development and am looking forward to learning a lot this semester!

---

# Elina Grigoryan

Hi everyone! My name is Elina Grigoryan and I am a Senior Computer Science student, graduating Spring 2024! I work at the Department of Justice as a Information Technology Intern.

I love hanging out with friends and family, traveling the world, going on walks with my dog, and playing tennis.

I enjoy Web Development and hope to learn more about it this semester. Good luck to everyone!

---

# Michael Partridge

Hey everybody!

My name is Michael and I'm a senior computer science student seeking a Bachelor's Degree. I am excited about this course because I have always had an interest in web development but just haven't found the time to learn in on my own so the fact that this class exists and counts for graduation credits finally allows me to dive in.

This past year I have picked up DnD as a new hobby and have been running a game for a group of friends.

I hope to learn a lot from this class and code something presentable to add to my portfolio that will help me get an internship

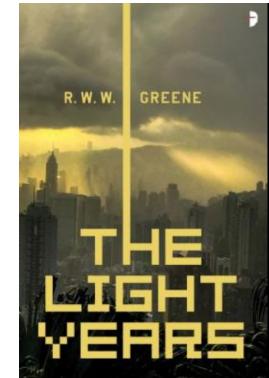

---

# Francia Garcia

Hi, I am a senior in Computer Science and will graduate by the end of this semester. I transferred to Sac State from Contra Costa College in 2021.

I enjoy reading fantasy, sci-fi books, and walking near the marina bay because I can't do Sacramento heat.

I am looking forward to creating a website from scratch.

---

# Fernando Mendoza

Hello :)

My name is Fernando. I am a senior studying Computer Science and have an expected graduation date of Spring of 2024.

In my free time, I like to spend time with my 9 year old lab, and do side programming projects which I find enjoyable. I enjoy taking walks or going out on my bike.

I look forward to gaining some more knowledge and experience when it comes to web development.

---

# Tristan Dinh

Hello my name is Tristan, I am a 3rd year student @ Sac State and major in Computer Science. I enjoy Web Development and currently like learning off The Odin Project. I also enjoy playing Valorant with my E-Sports club and like drinking Vietnamese Coffee.

I want to make coding and programming fun for myself and build healthy habits around it. I like watching anime, cartoons, movies, or anything sorta superhero/action/romcomish. If I am healthy, then I like to play basketball and volleyball with friends. If anyone wants to code together and help push each other hmu  
@TekTristan

# Angelina Castillo

Hello! My name is Angelina and I am a Computer Science senior and I am graduating this semester.

I enjoy playing video games, baking, crafting, and watching anime.

I feel like I have learned the bits and pieces of creating a website before this class but I am excited to get a formal introduction to web development. Learning this on my own has proven to be informational yet hectic.

# Ramez Hassan

---

Hello! This is Ramez, a senior majoring in computer science, will graduate this semester.

I adore cooking, picnics, and outdoor activities.

I work full-time, I've used JS, HTML, and CSS in some of my prior projects, and I'm here to enhance my web development abilities effectively and professionally.

---

# Laura Kay

Hello! My name is Laura and I'm finishing my last year here as a CS major. I enjoy cooking new foods and going on walks. In my free time, I enjoy spending time with family, reading books, and exploring the outdoors. For the past year, I've been managing properties on Airbnb and other STR platforms. I have a German shepard name Riley and I had a pug name Betsy that passed away in 2018.

# Khush Bakhat

---

Hi All! My name is Khush Bakhat. I'm majoring in Computer Science trying to get a minor with a fulltime job.

I can speak Urdu, Hindi, Punjabi and English.

I really enjoy reading, music, dance, photography, food and arranging fun activities for my niece and nephews whenever I get a break from hectic schedule.

MacKerricher State park

Monterey Bay Aquarium

My favourite food is gyros and Biryani Rice. These two can be my everyday go to lunch.

I love to listen classical and folk music.

I love going out and exploring new places. My wish list to visit Turkey and UAE and then France and Paris.

---

# Vigomar Kim Algador

Hello! I go by Kim. I am a Computer Engineering major and this will be my last semester and hoping to graduate. I am really interested in web programming which I want to create my own project and portfolio that would help me with my career in the future.

My other hobbies mostly playing Volleyball, but sometimes I do play video games, watch Anime, Asian dramas (mostly k-drama and J-drama) and listen to K-pop (My bias is IU). Hoping a wonderful and productive Fall and last semester. :D

---

# Austin Nguyen

Hello, my name is Austin Nguyen and I am a computer science major graduating this upcoming Spring.

Some hobbies that I love are fishing and disc golfing. Fishing is something that I absolutely cannot live without! I have recently started disc golfing and enjoy the sport. I just love to do anything that revolves around the outdoors.

# Evan Callejo

---

Komi Can't Communicate

My name is Evan Callejo and I am a Computer Science Major in my 4th year. I'm aspiring to graduate in my 5th year and use my degree to pursue a job in Software or Web Development. I also am pursuing a history minor due to having a passion in history.

My favorite animals are geese and rabbits, and I have a rabbit named Fluff.

I spent much of the summer doing an aggressive job search on primarily Indeed, Handshake, UEI, and CalCareers. I have landed 7 interviews so far since the start of summer.

My favorite TV shows that I watched over the summer include Better Call Saul, Komi Can't Communicate, and Chernobyl.

indeed

---

# Jasmine Pincombe

Hello! I am a 4th year at Sac State and a Computer Science major.

I currently work as a Student Assistant at California Department of Human Resources. I also help run my family-owned dance studio, DPX Dance Studio. Another interesting fact about me is that I recently started streaming and I'm loving it so far!

I love Disney, gaming, traveling, going to concerts, festivals, etc. I am also a HUGE lover of dogs. I absolutely adore huskies and have two of my own!

# Ruben Ortega

---

My name is Ruben Ortega and I am a fourth year here at Sac State.

I currently work 2 jobs. I work IT at the Continuing College of Education and I manage a Walgreens on the weekends. I am also a part of an engineering group called SHPE (Society of Hispanic Professional Engineers). I run their social media and help with other group events as well. Check us out by the way.

On my free time I like to watch sports and run long distances. I am a huge Lakers fan and Lebron is the greatest player of all time. I also like to post video to my Youtube channel. I recently hit 1000 subs and that meant alot to me.

---

# Matthew Ryan

Hi, my name is Matthew Ryan and this is now my 3rd semester here at Sacramento State. I transferred here from Solano Community College last fall semester and am on track to graduate in this upcoming spring semester. Some of my hobbies include watching/playing basketball, watching horror movies and playing video games. Hope everyone has a good semester!

---

# Cesar Martin Del Campo

Hello whoever sees this. I am a senior here at Sac State, graduating Spring 2024 with my Computer Science and a Minor in Math.

I spend a majority of my free time playing video games, currently obsessed with Escape From Tarkov.  
I enjoy watching and participating in combat sports and spend most of my Saturdays watching UFC.

Hope to learn a lot this semester. Good luck everyone!

---

# Phuc Dinh

Hello everyone,

My name is Phuc. I'm from Vietnam. I'm majoring in Computer Science; hopefully, this is my last year.

About my hobbies, I like to listen to music and play video games during my free time. I love traveling, learning about different cultures, admiring beautiful scenery, and savoring delicious food.

I'm looking to learn more about web design. Hopefully, we all get good grades for this semester.

# Rachman Mappanganro

---

Hi I'm Rachman (Rock-min) and this is my 2nd year at Sac State. I transferred here from CRC shoutout Chapmin.

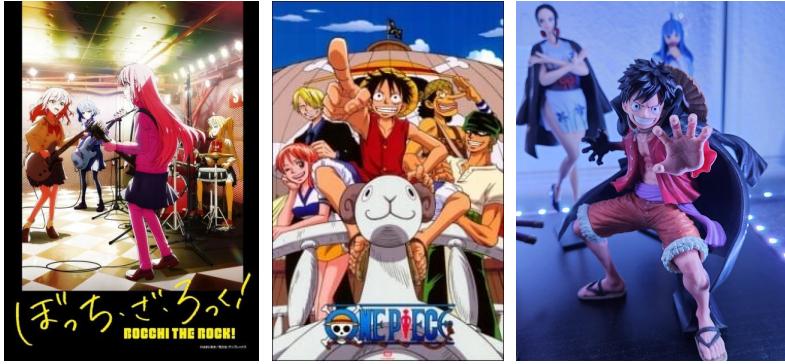

I like to snowboard, lift, cars, draw, and make clothes. Favorite pass time is kickin it with the homies. I'm a graphic designer at heart but coding is extremely insanely cool because all we have to do is learn something and we can make literally anything from a laptop at home. I just like to make stuff. I'm currently a barback at Darling Aviary on K street, come through say what's up. Follow my brand on ig @blankspaceeverywhere :)

---

# Rick Ammann

Hello, my name is Rick and I am a senior here at Sac State and planning on graduating this fall semester. I enjoy casual gaming and playing tabletop games with my friends during my free time. Some of my other hobbies include anime, manga, and learning the guitar. I am excited to learn and gain experience in web programming this semester.

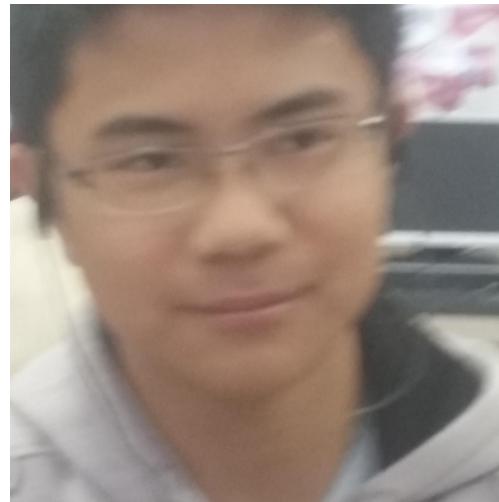

---

## Andrew Abella

Hello everyone, I'm a Computer Science major and I have lived in Southern California for most of my life and then moved up to Sacramento for the past 7 years.

My hobbies and interests are playing video games and anime. I went to Anime Expo this summer, and I plan on going again! Maybe I'll see some of you guys there.

I'm looking to learn frameworks and languages that websites are made out of. I am hoping to gain plenty of experience in web development in this class!

---

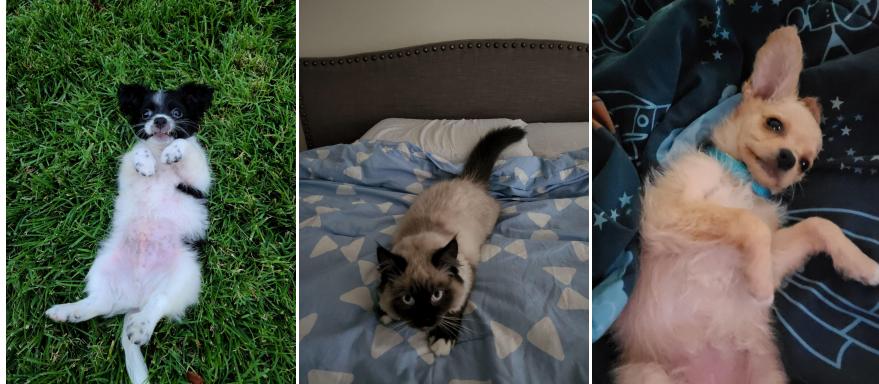

# Vinny Thai

Hi, my name is Vinny Thai and I'm a 4th year CS major at Sac State. I plan on graduating Fall 2024 and to become a web developer or software engineer in the future. I enjoy playing video games, exercising and hanging out with my friends. I hope by the end of this class to learn a lot about front-end and back-end web development and improve upon my current skillset.

---

# Darryl Nguyen

Hi! My name is Darryl Nguyen and I am a Junior at Sacramento State pursuing a B.S. in Computer Science.

I enjoy bowling and watching anime. I also have 2 dogs and 1 cat. I also have a motorcycle, Yamaha R1, that I enjoy riding from time to time.

Anyways, have a great semester everyone!

---

# Daniel Mason

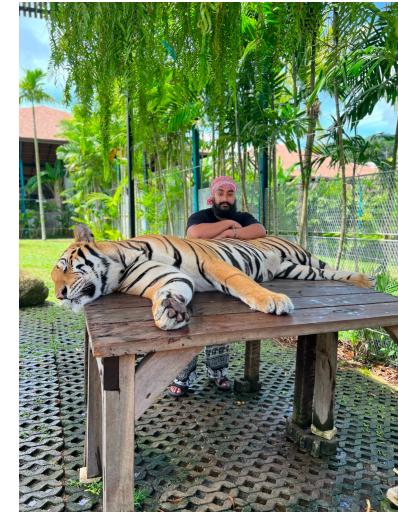

Hi. My name is Daniel Mason. I'll be graduating from CSUS this semester. My hobbies include reading about history, and playing video games.

---

# Ikjot Shergill

My name is Ikjot, I am in my final year of pursuing a bachelor's degree in computer science. I used to major in civil engineering but decided it was not my thing and took a break from school before switching career paths.

Some of my hobbies include motorcycles, working out, travelling, and hanging out with friends. Any thing related to being outdoors is always a good time.

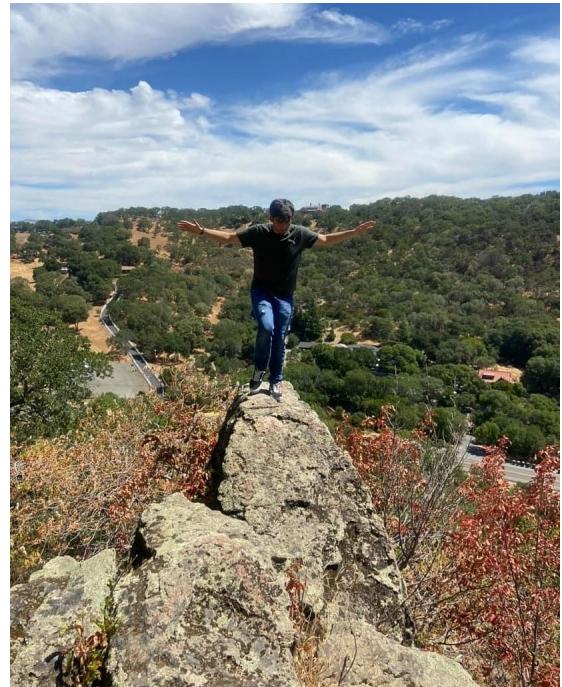

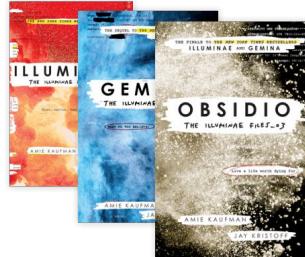

---

# Miguel Lopez

Hello. My name is Miguel Lopez and I am currently a senior in computer science.

My hobbies include reading books, working on personal projects, writing, making music, and playing games. After 3 years, I have finished my research for my dream game and I'm working on smaller projects so that I can one day start this one.

I have already started getting into web development with some Udemy courses, but I figured that this class would still be good to take.

---

# Emad A.Sabir

Hello, everyone! I'm Emad, a senior at Sac State, and I'm all about embracing new experiences and challenges. When I'm not hitting the books, you can find me out in nature, exploring hiking and biking trails. I thrive on the thrill of trying something new and exciting.

Sports are another passion of mine, with badminton and cricket being my forte. In fact, I'm proud to be a part of my community's cricket team, where I've had the honor of representing Sacramento in Elk Grove.

I took CSC-131 under the guidance of Prof. Kane. It was an incredibly enriching experience that equipped me with valuable skills. Now, I'm thrilled to dive into web development, and I'm certain this class will be another fantastic opportunity for all of us to expand our knowledge and skill set. Let's embark on this learning journey together!

---

# Katrina Yu

Hi I'm Katrina and I'm currently a junior majoring in computer science.

My hobbies include playing video games, watching anime and cooking. I've done very little web development so I'm looking forward to this class and learning more since it's used quite a lot in the industry.

---

# Leonardo Anguiano

Hey everybody. My name is Leo. I'm a Senior graduating this semester.

Some of my hobbies are playing the electric guitar, drawing, and film photography.

Most of my experience with building websites has had to do with the front end so happy to learn how to work with the backend.

---

# Christopher Lemke

I am a senior graduating this semester with a BS in computer science. I have worked on embedded systems and full stack projects for a local civil engineering company for the past two years.

Outside of programming I enjoy hiking, skiing and excessive amount of video games with friends.

---

# Masoud Ahang

Hello everyone, I'm Masoud Ahang, a junior pursuing a degree in computer science. Outside of my academic pursuits, you'll often find me on the soccer field or hitting the gym. As for my aspirations, I'm working towards a career as a software engineer in the near future.

---

# Ruttapon Bruce Phasook

Hello everyone, my name is Ruttapon, but you may call me Bruce. This semester is my last semester before I graduate to hopefully have a career in cybersecurity. My hobbies include playing video games, reading Japanese/Korean/Chinese comics, and listening to music. A random fact about me would be that I hate driving, but I feel that I would probably drive everyday if I could drive a motorcycle.

---

## Tory Petersen

Hello all, I am Tory. I am a senior graduating this semester with a BS in computer science, like most of us. I like to spend time snowboarding, gaming, and lately golfing. Currently in search of my first internship still, or any job to get started in the industry.

---

# Jeremy Smart

Sacramento Republic FC!

Hello everyone! I'm a CS major and I should be graduating next semester (if everything goes smoothly). I like playing video games and I hope to be able to work in the video game industry someday. I also like to golf and play soccer when I have free time. Currently, I work full time for Kaiser in IT doing OS and software deployment. I work graveyard, so my schedule is weird and I'm always tired.

---

# Kyle Diep

Hi I am Kyle Diep and I am a Junior computer science student here at Sac State. I like going to the gym, playing video games, and playing badminton. I also cook often and love to travel. In the future I want to be a software developer.

---

# Khalid Abouelrous

Hello, my name is Khalid Abouelrous. I am a third year Computer Science student here at Sac State. I enjoy watching and playing soccer. I also like going to the gym. I enjoy learning about different places around the world and am looking forward to learning more about web development!

---

# Brennan Moran

Hello, my name is Brennan Moran and I am in my final year here at Sac State. My major is Computer Science, but I haven't done much web development in any of my courses so far so I thought this course would be a great way to brush up on it.

As for hobbies, I am currently learning how to play the piano and enjoy playing video games with my friends thought recently I have been dipping my toes into more single player games. I also enjoy painting miniatures, my current project is Warhammer 40k Tyranids.

---

# Isabel Santoyo-Garcia

Hello! My name is Isabel Santoyo-Garcia, and I'm currently in my third year at Sacramento State! I'm majoring in computer science with a minor in mathematics. I've been coding since my senior year of high school, starting with Python as my first programming language. However, as the years have progressed, I've become more familiar with Java.

On another note, I love gardening and hope to expand my plant collection with a greater variety. Additionally, I enjoy playing video games and watching anime during my free time. When it comes to gaming, I prefer indie, RPG, or story-driven games, but I'm open to anything and welcome recommendations! As for anime, my top two choices for this year are Vinland Saga and Yamada-kun at Lv999.

I'm excited to learn more about web development!

---

# Amandeep Singh

Hi, my name is Amandeep singh. This is my third semester sac state and my major is computer science. I Work as a truck driver. I like to watch YouTube in my free time and also enjoy playing tennis and basketball. I love going to concerts. I'm hoping to graduate next fall and looking forward to finding a good job.

---

# Muhammad Amin Haidari

Hello Everyone,

My name is Amin and this is my 2nd year at Sac State University. I have a full time job as a chemist in one of the Industrial chemical lab. I do have some chemistry background and experience. I was interested in computer programming for a long time and that is why I get decide to gain some computer programming skill too. I am familiar with C++ and Python, unfortunately I haven't used that much JAVA. I like soccer and hiking and during my free time I like to go hiking.

Thanks

## Sachal Ali

Hello, my name is Sachal and this is the start of my last year here at CSUS. After graduating, i'm not sure exactly what I will do but I want to get a job that has a focus on benchmarking/performance of computers. My hobbies include video games and being a 49ers fan/football fan. I also have a cat that I enjoy playing with everyday.

---

# Imren More

Hi everyone! My name is Imren and this is currently my third year at Sac State with a BS in computer science and a minor in Global Engagement and Leadership. In my free time, I like watching movies, reading, and spending time with friends and family. I also spend a lot of my time being involved in different clubs on campus.

---

# Andrew Canada

Hello! My name is Andrew Canada and this is my third year in Sac State. My goal for this course is to learn more about the backend of websites. Something interesting about me is that I've had more than 5 pets, consisting of dogs and birds.

---

# Uzma Naz

Hello World! My name is Uzma Naz.I am a third year Computer Science Student. I am pretty busy this semester taking 6 classes, but whenever I have time, I go out with my friends. I love to play badminton. I like cooking as well.

---

# Angel Castillo

Hi everyone, I'm Angel. I'm 22 years old and I lived in Sac for most of my life. I always found it difficult to try and learn web design on my own so I'm glad I was able to enroll in this class to get some sort of direction, I think I learn best when I have steps and guides that I can follow.

I'm pretty busy with classes this semester but when I have time of my own, I usually spend it by making my own music or watching anime. Right now I'm watching One Piece and I'm only half way through all the episodes but I'm kinda glad its as long as it is.

And here are my two doggos!

Zeus

Thor

---

# Elesia Than

Hello. I'm Elesia. Besides programming, I enjoy making traditional/digital art as a hobby. I also like reading and playing video games. This summer I went to Disneyland for the first time and the (G)i-dle concert in LA. I don't have any pets of my own, but I play with the neighbor cats every day.

---

# Zhen Zhao

Hi, everyone my name is Zhen. I'm currently a junior here at Sac State.

On my free time like to play games or find new food recipes I've haven't tried before and tinker around with them.

# Chris Wright

That's my wife and I chillin' at Oga's Cantina at the far left and my four amazing kids striking a pose at top right. Our two dogs are living the ruff life snuggled with blankets. The top middle picture is from when my wife and I went to Hawaii. It was fantastic! When I get a little free time, I enjoy watching the SF 49ers and Giants play. I'm in my senior year... YES!!!

---

# Johnathan Valencia

Hello, my name is Johnathan Valencia. My current career interest is in Web development. My hobbies include video games and listening to music. Own a switch and game on there. Been at Sac state for what is now my fifth year.

---

# Saniya Patel

Hey Everyone !! My name is Saniya. I am a computer science major with minor in mathematics.

I generally like to hangout with friends and I am a travel person, who often likes to go around and see new cities and know about it. I also like to try continental cuisine from various parts of the world.

---

# Vayhout Lim

Hi everyone,

My name is Vayhout. I am a student majoring in computer science. I will graduate this Spring 2024. I love driving and fishing. After I graduate, I plan to move back to Cambodia. I really do not know much of what I will do in the future. I will try to look for what I want to do in the future and live a simple life. Enjoy life and cheers!

# Benjamin Tran Vo

---

Hello! My name is Ben and I am currently a senior here at CSUS. One of my interests is playing Ages of Empires II : DE Edition

I am currently reading Rooster Fighter and it's pretty amusing!

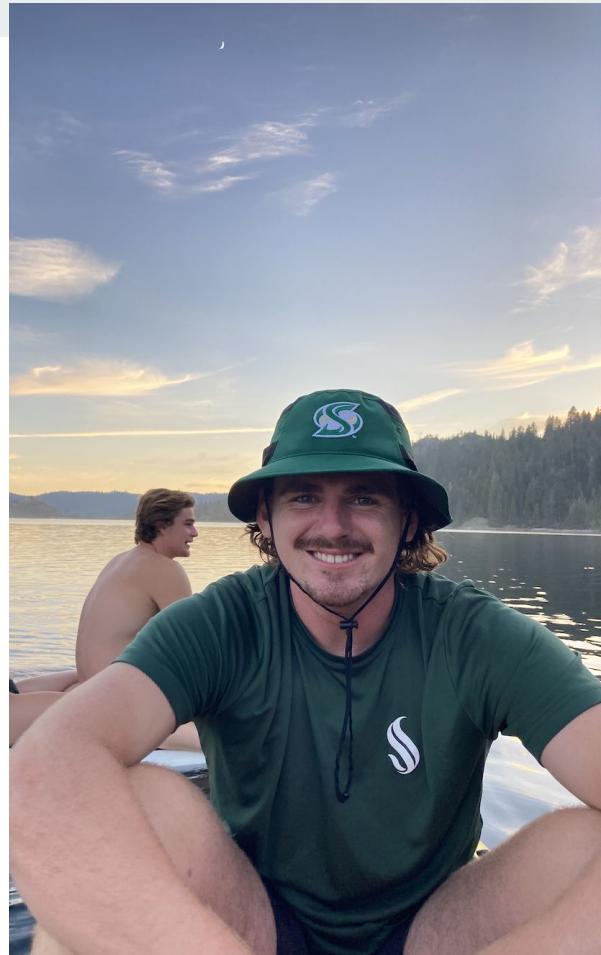

# Miles Brown

---

Hey Everyone!

I am a 5th year Computer science student. I enjoy Working on cars, Off Roading, Camping, and playing rugby.

I currently work IT at SMUD and hope to get into a career working anything involving Data Science

---

# **Yingying Sroy**

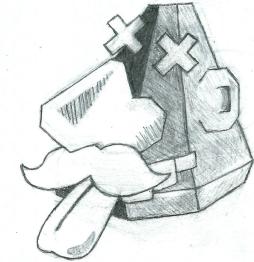

Hello everyone,

My name is Yingying Sroy. I am a student majoring in computer science. I am currently working as student assistant. In the future, I am hoping that I will get a better job.

# Bryant Galo

---

Hi class,

I'm a senior computer science student - graduating spring 2024. Other than coding, i like creating digital art, reading and exercise. I have a friendly cat named Zola.

My first class for the Computer Science major was intro to web design: this class reminds me of my start into programming and the journey it's been.

I've always felt inspired by video game developers and mobile software development. I would be curious to work in the games industry at some point.

In general, i am interested to work in any software field after graduation. I look forward to this semester!

---

# Mark Burgasser

Hi everyone! I'm a (hopefully) graduating Senior.

I enjoy chess, road trips, and programming (usually). I've lived in Sacramento all my life and am excited to be going to school here.

---

# Navid Baghaei

Hello everyone!

I am currently a senior computer science student, hopefully obtaining my bachelor's degree next semester. Some of my hobbies are playing video games, listening to music, and playing basketball. I still don't have a specific direction in mind when it comes to future jobs but I am trying to gain experience in as many areas as I can.

---

# Vaibhav Jain

Hi Everyone,

I am currently a senior computer science student graduating with my bachelor's degree next semester. Some of my hobbies are playing video games, watching anime, and going trying out new restaurants. In the future, I hope to be working in the Fintech industry, working with data analysis tools to perform algorithm trading

---

# Brandon Barragan

Hello everyone, my name is Brandon Barragan I am a CS major and I plan on graduating in Spring of 2024. I do not have a specific area of CS that I want to specialize in I am just trying to learn as much as possible and see what I like. I love to play video games and watch sports. My favorite sports are football, basketball, and soccer. My favorite teams are the 49ers for football, the Sacramento Kings for basketball, and Real Madrid for soccer. I recently got a dog, she is a Golden Retriever named Bailey and she is amazing. I love taking her on walks with my girlfriend and I even recently took her to the beach which she loved. She also gets along really well with my cat Saku although he likes his personal space so sometimes he gets mad at her when she tries to play with him but I love my pets.

---

# Wen Jia

Hello everyone, my name is Wen Jia. I'm from North Carolina, a lot of people get surprised when I tell them that. I moved to California when was 10, since I have tons of family in Cali. This is my last year in Sac State, obviously majoring in Computer Science. On my free time, I love to spend time with my dog, his name is Rexy, and I also like longboarding and going to gym. Also video games, but I'm growing apart from it. What I want to do with my CS degree is something in cyber security or a lot of coding based.

---

# Catherine Argueta

Hello

My name is Catherine and I'm a transfer student from Sierra College with this being my second year here at Sac State. Last year all my classes were online so this term is the first time I'm taking any classes in person. In my free time I like to play guitar and watch movies, mostly thriller and horror. I hopefully will graduate next Fall 2024 but I'm still not sure what type of work I interested in doing.

# Gerrit Beamesderfer

---

I'm a computer science major, and I plan to graduate with my BS in spring of 2024. I personally enjoy programming, but I'm still unsure of what branch of CS I want to pursue.

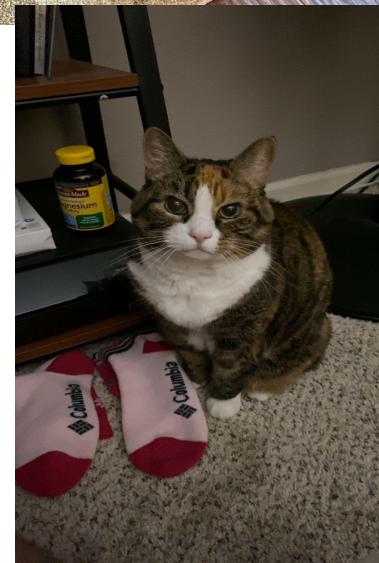

I also enjoy swimming for exercise, and I'm trying to learn a bit of animation. I also have a cat.

---

# Trevor Davis

Hello, my name is Trevor and I am CS major student and plan to graduate this semester (fall 2023). I would like to get into the cyber security field but I am not super particular. I consider myself a fairly active person in which some of my hobbies include, working out, playing sports such as soccer, snowboarding, and cycling. I have a cat named sammy and two french bulldogs named Jax and Juno. They actually have an instagram if anyone is interested in following them @jax\_and\_juno\_frenchies.I am looking forward to gain experience from this class to put into practice in the job market.

---

# Wilson Toy

Hi, I'm Wilson. I'm a 4th year CS major planning to graduate in the spring. My goal for this course is to get a better foundation of web programming, which should make me a better front-end developer.

I'm currently a student assistant at the California Department of Justice testing software. On the side, I like to travel, play games, and watch anime.

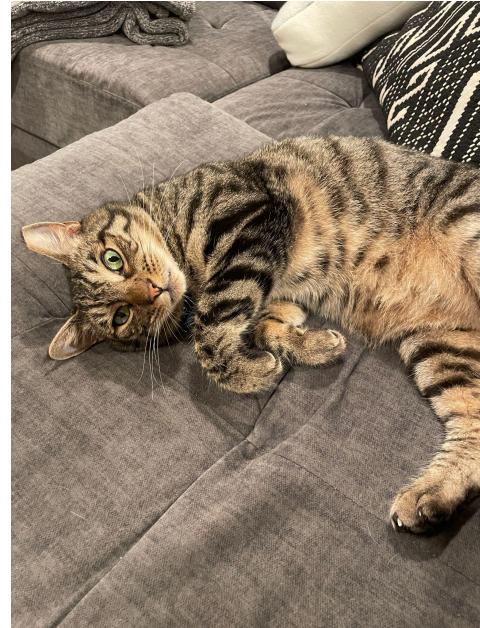

---

# Penny Herrera

Hi everyone!

I am a 4th year computer science student, who hopes to graduate Fall 2024! Some of my hobbies include running and weightlifting. I recently picked up gaming and am making my way through Red Dead Redemption 2 and The Last of Us. I don't have any pets of my own, but I often cat sit my brother's cat, Leo, when he is out of town. Within CS, I am mainly interested in cyber security; however, I also find AI extremely interesting to learn about!

---

## **Uriel Sombrerero**

Hello, I am a 5th year Sac State student and hope for this to be my last semester. I recently discovered rock climbing so I love to rock climb indoors on my free time. This year I have been working on a mobile development agency with a good friend of mine so I am excited to see what opportunities come my way after graduating.

---

## **Christopher Gonsalves**

I am a transfer student from Sierra College and this is my second year at Sac State. I am a CS major and I hope this is going to be my last year. In my free time I like to play game and watch sports. My favorite teams are the San Francisco 49ers, Sacramento Kings and the San Francisco Giants. I am also currently job hunting as well.

---

# Jaime Ramirez

Hey everyone, this is my last semester attending Sac State and am looking forward to graduating. Some of my favorite hobbies include cooking, participating in sports, and some photography on the side. I hopefully with this class I can expand my knowledge with creating web pages. I hope to break into the reverse-engineering sector of the industry soon!

---

# **Yaksh Patel**

Hey everyone, I am currently in my 4th year and about to be graduating soon. I am really looking forward to have a great time for this last period of my college life. Some of my hobbies are hiking, boxing, and travelling. I am really interested in pursuing my career as Software Developer and am really looking forward to work on some good projects.

---

# **Abhishek Prasad**

Hello everyone, I'm a transfer student from the Los Rios Community College District. I've actually attended all four colleges in the district but I've mainly gone to CRC and SCC. My hobbies include watching tv shows/movies/documentaries, playing video games, reading books, and travelling. I intend to travel more in the future. Some of you here are quite well travelled which is awesome to see. My career goals presently is to graduate on time and find employment.
